Course Highlights

- ✓ Unlimited one-year course access
- ✓ Pre-recorded modules for practical learning
- ✓ Promotional discounts available

- ✓ Real-world examples and case studies
- ✓ Guaranteed certification on completion
- ✓ Assists in career growth
- ✓ Downloadable Excel templates

Learning Format

We offer online self-paced learning content to accommodate flexible learning schedules.

Prerequisites

Our Excel free course bundle is designed to be accessible and understandable to all without limiting your learning experience based on prerequisites or eligibility criteria. This free Excel training course program is can be a valuable addition to your professional profile, equipping you with the practical skills to handle advanced courses and perform in-depth data analysis. Join us, regardless of your qualifications, and emerge with enhanced knowledge and professional skills to effectively manage data and reports, boosting your career prospects.

- A stable internet connection
- Laptop, desktop, tablet, or other device
- Access to MS Excel

Who Should Attend

- Professionals and students aiming to enhance Excel skills for better job prospects and productivity.

- Individuals seeking to improve data analysis and reporting capabilities.

- Beginners with little or no experience in Excel.

- Existing Excel users looking to fill knowledge gaps or learn advanced features.

What You Will Learn

We have yet again proved that learning new skills has no bounds. With our free Excel online course bundle, which is basically a concise one-hour video tutorial, you will learn to deal with complicated data forms and samples by applying charts and array functions to bifurcate them and turn them into valuable insights. But there's more; we will start by exploring essential Excel functions, slowly moving forward to data entry, formatting, spreadsheet navigation, math calculations, and more.

Acquired Skills

- 💡 Basic & Advanced Excel
- 💡 Power Pivot
- 💡 Power Query
- 💡 VBA
- 💡 Macros
- 💡 Power BI

Job Market Analysis

60-80% of office works in finance sector are based on MS Excel

Popular in Industries

Finance ➤➤➤ IT ➤➤➤ Investment Banks ➤➤➤ Insurance

Popular Profiles

Accountant ➤➤➤ Financial Analyst ➤➤➤ Investment Banker ➤➤➤ Auditor

Certification

This short yet comprehensive free Excel course bundle will reward you with an online certification. Beginners to seasoned professionals can only earn this valuable certificate by fully completing the course which will go on to add value and merit to your profiles. It validates your skills and knowledge in terms of expertise.
